MEMORANDUM FOR THE RECORD

SUBJECT: Veto Action on H. R. 12471

Mr. Robert Bedell of the Office of General Counsel, OMB, telephoned today to determine our position on the possible veto action on the Freedom of Information bill, H. R. 12471. I advised him that we strongly recommend veto. He inquired as to the key points on which this was based. I mentioned the court review provision and the time limits for action. He inquired if this is the Director's position, and I informed him it was.

We also discussed the Mondale select committee proposal and I told [] it was the feeling of 25X1 Subcommittee staffers that no action would be taken on either of these measures in this Congress. [] also asked me about the "Ervin bill" now pending in the House Post Office and Civil Service Committee. I told him I would have [] bring him up-to-date on the status of that bill.

25X1 25X1A 25X1 I mentioned to [] the flurry of activity in a number of legislative proposals including amendments to the Freedom of Information Act and other similar legislation. I said he might want to check on their position on these items.
